1. Settlements between the Contracting Authority and the Contractor shall be made in Polish zloty (PLN). However, the Contracting Authority also allows for the possibility of settling payments in a foreign currency, i.e., in EUR or USD. If the Contractor fails to indicate the settlement currency in the offer, the offer will be rejected.
2. If the Contractor does not specify in the Offer Form (Attachment No. 2) whether the offer is submitted in PLN, EUR, or USD, the Contracting Authority will reject the offer. The same applies if the Contractor leaves the relevant fields blank or indicates a currency other than PLN, EUR, or USD. If, in accordance with applicable regulations, the Contractor is not obliged to comply with the VAT Act, the Contractor shall leave the VAT rate field blank in the Offer Form or indicate "not applicable," while providing additional relevant statements in the Offer Form.
3. The Contracting Authority requires the price of the subject of the contract to be specified in PLN/EUR/USD, both net and gross.

VI. Communication:

1. Contractors may request clarification of the RFQ content no later than **2 days before** the offer submission deadline. After this date, the Contracting Authority is not obliged to respond.
