Subject: Public procurement procedure **"Mechanical Stimulator" – case no. DZ.272.275.2025.**

The Contracting Authority informs that questions have been submitted in relation to the above-mentioned procurement procedure. Below are the submitted questions together with the corresponding clarifications.

Question 1:

Dear Sir/Madam,

With reference to the description of the subject of the contract, we would like to request clarification of the required parameters for the device.

In Appendix No. 1, section "Mechanical properties", you state a required "force range" of 0.5 mN – 10 mN, while the "maximum force" is specified as 0.5 N.

We kindly ask you to clarify this parameter. Is the required maximum value 10 mN or 0.5 N?

Answer 1:

The Contracting Authority informs that the correct value for the "maximum force" parameter is 5 N.

In connection with the above clarification, the deadline for submitting tenders has been extended until 30 July 2025 (inclusive).

Furthermore, due to the changes made, the following procurement documents have been updated:

1. PL_UPDATED REQUEST FOR QUOTATION_DZ.272.275.2025 (current version)
2. PL_UPDATED APPENDIX NO. 1 – DSO (current version)
